

The Aura

NEWSLETTER 135

November 2018

What went behind.....

Mehfil, a musical evening with playback singer Srinivas turned out to be a fitting finale to the past year. Mehdi Hassan's ghazal set the stage for an enchanting evening, followed by popular songs from hindi and tamil movies. It was wonderful to have our members croon with Srinivas as the requests from the audience kept pouring in.

The red alert for the day by the meteorological department didn't dampen our spirit. The Aura committee decided to stay positive and hope for the best. Trust us, positive attitude and faith works wonders! Three cheers to team Aura and all of you who made it!

What Lies Ahead.....

Play is one of the sources of spontaneous laughter, and can be a wonderful stress buster. Children played a variety of games with whatever material they found around the house. Yes, there was a time before Barbie and electronic toys. Even seeds, shells and stones provided enough material for playtime.

Kreeda meaning 'play' in Sanskrit is involved in reviving traditional games and learning through play. They are most sought after by schools, corporates and in special occasions in and around Chennai. We extend a warm welcome to our new members, come experience a range of traditional Indian games from all parts of the country.
