Srikanth addressing the audience at the valedictory function

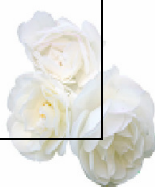

The Winners being awarded the trophy and Prize

The first car cheered by the enthusiastic crowd being flagged off

What went behind....

There was much fun and excitement at the Vestry School grounds on Sunday, the 26th of July '09. It was a special day for the women of Trichy for their driving skills and their navigational capacities were put to test at the car rally organized by The Aura along with JK Tyres. The participants in the 48 cars that had lined up were seen working hard to get a low enough overall time error to win the prizes galore! All those who took active part in this car rally were present at the valediction venue bubbling with enthusiasm and anticipation at sharing the evening with a very distinct individual, the inimitable cricketer Srikanth. Amith was surrounded by a huge number of ladies, all clarifying their doubts and collecting tips to perform better next year. MMSC was so impressed by the committed involvement of the ladies in this sport that they have already set the ball rolling to start a Motor Sports Club in Trichy. Viva Aura! Viva Fastrak! We will soon find a significant place in the Indian map of rallying.

Date: 18th August, 2009
Day : Tuesday
Time: 10 AM to 3 PM
Venue: Hotel Sangam,
Trichy.

Did You Know?

“The word ‘graphology’ was first used by Abby Michon of Paris. The word is taken from the Greek ‘graph’ meaning ‘writing’ and ‘ology’ meaning ‘study’. He and perhaps some of his students established the Graphological Society in Paris that actively existed until World War II.”

Graphology Seminar by Ms Chandraprabha

In this age when technology reigns supreme in every field, when everybody is tapping on keyboards to print their letters and sending birthday wishes and greetings through emails, handwriting seems to be a long lost art. But no, even today neat and legible handwriting, just like neat dressing and presentation is most sought after. This month's meeting will have a professional graphologist to help you decipher your handwriting and thereby help you improve your personality. Handwriting and personality- are they connected? Graphologists answer in the affirmative. A good handwriting exhibits clarity in thought and action. Today handwriting is studied by employers to measure the emotional level, the energy level, the temperament, compatibility, outlook and approach to life of their employees. This is going to be a one day programme, where the resource person will help you study yourself, assist you in discovering your strengths and weaknesses and fine tune and integrate your individual qualities that go to create the 'special you'.

Attention:

- Renewal forms enclosed. Last date for renewal of existing members is 30th August 2009
