What Went Behind

"Great memories are learned..."

The key take-away from John Louis's talk is that you'll remember more if you think spatially, visually, and with your body. Ideas are not set in stone. When exposed to thoughtful people, they morph and adapt into their most potent form.

Guest Voice

Fantastic Audience. Very receptive and participative.

- John Louis.

Reflections

As requested by members, the easy to use memory techniques and exercises discussed during the programme will be e-mailed along with the soft copy of the newsletter.

“Shopping” is what is something which has the power to change the world into an interesting place to live in

And Cinderella is proof that a new pair of shoes can change your life.
